Subject: RE: Information inquiry for EPA UIC permit MI-125-2R-0003, Lanphar 1-12 Well

Hi Anna,

I checked our archaeology site file records, and we have no record of any archaeological resources at the location of the existing well in Section 12, T5N - R11E. We have no archaeological concerns with the proposed conversion of the well. If you have any other questions, please let me know.

Dean:

My mistake! It is Section 12. Thanks for catching that - I must have been thinking of a different project on my desk.

Hi Anna,

I have a question: your email says that the well is in Section 5, T5N-R11E, but the topo map shows it in Section 12. Can you tell me which one is correct? I want to be sure I am looking at the right location. Thanks!

Subject: Information inquiry for EPA UIC permit MI-125-2R-0003, Lanphar 1-12 Well

National Historic Preservation Act Inquiry U.S. Environmental Protection Agency #MI-125-2R-0003, Lanphar 1-12 Well,
Oakland County, Michigan
Location: T5N, R11E, Section 5, NW ¼, SW ¼, SE 1/4

The U.S. Environmental Protection Agency is reviewing a permit application to convert an existing oil production well to an injection well for enhanced oil or gas recovery. Pursuant to 40 C.F.R. §144.4(b), EPA reviews its action for effects to properties or cultural resources listed or eligible for listing under the National Historic Preservation Act of 1966. We therefore request information on any cultural resources in the project area. The well location is described above and shown on the attached maps. Please contact me if you have any questions.
